

A district subscription for the parent newsletter, *Parents Make a Difference* is available to all elementary, middle, and high schools. These four-page, researched-based newsletters are available in both English and Spanish and will allow you to download individual articles or the complete newsletter to print, to post on your school's own website, or to e-mail directly to the parents in your school. You can also personalize it with your school's name. School sites will need to designate one person on your campus to access the subscription. **Passwords are never to be given to other staff members, students or parents, and should only be used by the designee on each campus.** The access information and licensure guidelines are below.
